I found the Vaadim from both R' Gordon and R' Greenwald meaningful. They taught me fundamental Hashkafos and inspired me to improve in my Avodas HaShem.

GROWING IN YISHREI

Inspired by the Alter of Slobodka's timeless message of "Gadlus HaAdam", we believe every Talmid has immense potential for greatness. Our Learning, guidance, and environment are all built to help you recognize your unique Gadlus- In Torah, in Midos, and in life. Your growth in Torah will be achieved by mastering the art of Brisker Lomdus and pursuit of clarity in Torah knowledge through our "Master the Masechta" Bekiyus program, as well as solid exposure to all of the other incredible Yishrei Sedarim.

CONNECTIONS IN YISHREI

Your time in Yishrei is one where you will form lifelong connections to important ideas and people. Connection isn't a slogan- it's our lifeline. The ultimate goal is a deep and meaningful connection to HaShem. To help you get there, you will benefit from a strong **Keshet with your Rabbeim**, who are dedicated to meeting your individual needs. You won't get lost in the crowd. Every Talmid is seen, known, guided, and cared for.

Your connection to Chevra is also a major part of Yishrei! You'll be part of a like-minded, growth oriented, group of guys. Following your year in Yishrei, you'll be in a strong alumni Chevra that is always connected to Yeshiva!

Everyone is friends with everyone. Year after year, Yishrei puts together the best group of guys who all quickly become part of the Yishrei family.

-Micha Bayever,
LA, Valley Torah Academy.

THE YISHREI "MATZAV"

Every day in Yishrei is a Matzav!

Tefilos that uplift you, Shabbosos that stay with you,
Kumzitsis that impact you, Tiyulim that mesmerize you,

stage- confident, grounded,

Ask any Yishrei alum, and they'll tell you the same thing, that what makes the yeshiva so special are the Rebbeim. Just being under the guidance of such incredible Rebbeim was enough of a reason for me to keep coming back.

-Mordechai Kahn,
West Hempstead NY, DRS.

I feel they taught me how to learn, and, now that I'm working, how to create a schedule that allows for Learning and Working.

- Avi Berkovits,

I chose Yishrei because while there are many places to learn, there are few that truly empower their students to write their own story rooted in Torah and Mesorah maintain meaningful and lasting relationships with world class Rebbeim who really care about the success of each student.
